MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Mr. Pat Holt, Senate Foreign
Relations Committee, Re Distribution of the NID

Pat Holt, Staff Director of the Senate Foreign Relations Committee, called concerning the possibility of our terminating the distribution to the Committee of the NID. He said three or four members of the Committee, having learned of our intention through a notice which Holt distributed to them, have asked that he prepare letters of protest for them to send to Dr. Kissinger. Mr. Holt said he had four "rockets" ready to go. I persuaded him to delay the dispatch of those letters on the basis that we were reconsidering the question of the NIDs and would provide them to the Committee at least through the forthcoming recess and would not suspend them without prior notification to him. Mr. Holt agreed to this.
